JUNIOR PICTURE BOOK

A Valentine for Frankenstein

LERNER PUBLISHING GROUP (CAROLRHODA)

Frankenstein isn't your typical monster. For starters, he only has just head, only two eyes, and no tail. And worst of all, he's incredibly nice! Frankenstein quickly realizes his friendly behaviour is out of place at the Valentine's Day Bash. Still he's comfortable in his own green skin. Perhaps a secret valentine from a mysterious sender might help the others accept Frankenstein-and one another-for the monsters that they are.

A Valentine for Frankenstein

Sandra Markle's Science Discoveries

MILLBROOK PRESS

Readers will learn how scientists use camera-trap technology to study woolly monkeys in the Manu Biosphere Reserve. These camera traps helped scientists discover information about the woolly monkeys' diet, behaviour, and habitat. Known as the rainforest's gardeners, their activities and behaviours are essential to the survival of the trees and animals in the rainforest. Scientists must learn more to save this keystone species and protect the rainforests.

The Great Canadian Road Trip

BEECH STREET BOOKS

Get ready to explore Canada like never before—from coast to coast to coast. This highly visual series takes readers on a road trip across the Canadian provinces and territories. Visit major cities, and head off the beaten path to explore the people, environment, foods, cultures, and history of each region. Detours add fun trivia and jokes to the road trip, while maps show the route travelled.
